

**Stoughton Hospital**, a suburban community hospital located 20 minutes from Madison, Wisconsin, is seeking a Medical Director for its State certified inpatient medical detox program. This position is responsible for directing the care of our detox patients Monday 7am through Friday until 6pm. Weekends are covered by our hospitalists.

In addition to providing direction for the program, the Medical Director will be expected to complete history and physical exams within 24 hours of admission, write orders, approve discharge plans and write discharge orders and summary for approximately 160 to 180 patients per year. Compensation includes a market based monthly stipend in addition to physician billings.

**Stoughton Hospital routinely ranks in the upper 90th percentile in nationally benchmarked patient and employee satisfaction scores. In addition, Madison and the surrounding area is consistently ranked among the top places to live in the United States year-after-year.** For more information about this **unique opportunity, in an excellent environment** please contact Kristi Hund, VP of Patient Services at 608 873-2342 or via email at [khund@stohosp.com](mailto:khund@stohosp.com).
