ASAM and Other Leading Advocacy Groups to Congress: Eliminate the X-Waiver and Prioritize Education and Training for Treating Addiction

ASAM, along with several treatment professional and addiction-related advocacy groups, joined together to urge Congress to eliminate the X-waiver, which creates an unnecessary barrier to prescribing buprenorphine for opioid use disorder, and to prioritize education for addiction treatment.

Tonko-Baldwin Medicaid Reentry Act Added to E&C Reconciliation

The bipartisan Medicaid Reentry Act has been incorporated into the House Committee on Energy & Commerce [budget reconciliation proposal](#) in response to COVID-19. This legislation empowers states to restore access to medical services, including addiction treatment, through Medicaid for incarcerated individuals up to 30 days before their release. ASAM president, Dr. Paul Earley, joins others in applauding these bipartisan leaders.
