Dear Faculty, Poster/Session Presenter or Abstract Submitter:

ASAM has been awarded the highest level of Accreditation with Commendation by the Accreditation Council for Continuing Medical Education (ACCME) as a provider of Continuing Medical Education (CME) for physicians.

ASAM, as the accredited CME provider, must ensure that this activity and the presentations are in full compliance with the ACCME Standards for Integrity and Independence in Accredited Continuing Education (ACE).

All sessions and poster presentations have been approved for **AMA PRA Category 1 Credits™**. To ensure that this activity and the presentations are free of ineligible companies and comply with ACCME guidelines, please review the following policies:

1. Educational materials that are part of a CME activity, such as slides, abstracts, and handouts, cannot contain any advertising or product-group message. If a trade name is used, it should be placed in parentheses after the generic name of the product.
2. Presentations and poster discussions must give a balanced view of therapeutic options and medical devices. Use of generic names will contribute to this impartiality. If the CME educational materials or content includes trade names, where available trade names from several companies should be used, not just trade names from a single company.
3. Presentations must promote improvements or quality in healthcare and not a specific proprietary business interest or ineligible company.
4. Discussion of off-label uses are certainly allowed in CME activities. The ACCME Content Validation Statements are expectations of providers with regard to any recommendations for clinical care.

CME Activities must be based on evidence that is accepted within the profession of medicine as adequate justification for the indications and contraindications in the care of patients.

All scientific research referred to, reported or used in CME in support or justification of a patient care recommendation must conform to the generally accepted standards of experimental design, data collection and analysis.

5. **Additionally, ASAM's CME Committee asks that you have disclosures** for all presenters and authors listed on the second slide of all presentations or on the poster. Information about disclosures must be included for all authors/presenters even those with nothing to disclose. Disclosures must appear on all copies of posters/slides including those in the app and those used onsite.

6. Per ACCME rules, "Accredited Providers must confirm anyone in control of content is not an employee of an ineligible company; an employee may only participate in restricted roles as outlined in the Standards for Integrity and Independence in Accredited Continuing Education (ACE)".

7. In the event that you must send a replacement speaker, it is important that you notify the Conference Coordinator (Molly Mazuk, mmazuk@asam.org) as soon as possible with the name of your replacement. He/she will be required to complete a disclosure form before his/her presentation. If the change does occur on-site, the speaker must get approval for presenting from the Conference Planning Chair or the ASAM CME Representative. The speaker change and all disclosures must be verbally disclosed to the audience at the time of the presentation.

Please note that your presentation may be audited to ensure compliance with the ACCME Standards for Integrity and Independence in Accredited Continuing Education (ACE). In the event that the above policies are not met, your presentation may be denied CME.

If you have any questions regarding the above policies, please feel free to contact me at Cara.Poland@spectrumhealth.org or Sandy Metcalfe, ASAM CME Consultant at smetcalfe@ASAM.org.

Thank you again and we look forward to an outstanding conference.

Sincerely,

Cara Poland, MD, MEd, DFASAM
Chair, ASAM CME Committee
