Log in to the AANP CE Center. (This example creates an account. If you already have an account, log in instead.) Click “Sign in” in the top right corner.
If you are a new user, click “Start Here.” Otherwise, sign in as usual.
It brings you to a login page. Click “Create Login for MyAANP” to create a new account. Otherwise, sign in here.
Enter your email twice and click “Next.”
Enter your information and submit. All fields are required, even though some don’t have asterisks.
You should now be logged in AANP. To go to the CE Center, click “CE Center” under “QuickLinks” on the left.
Once inside the CE Center, choose “Buprenorphine Waiver Course” in the Categories list.
Choose the course. ***IF THE CALLER HAS ALREADY TAKEN THE 8 HOUR COURSE, THEY SHOULD CHOOSE PART II ONLY. IF THEY HAVE NOT TAKEN THE 8 HOUR COURSE, THEY SHOULD CHOOSE “NP/PA 24-HOUR WAIVER TRAINING”*** This example uses the 24-hour product.
Choose the product you need, then click the green “Register Now” button on the right.

</table>
Click “Yes” in the pop-up window to take the course.
Click “Play” and a new window will open, which directs you to the ASAM e-Learning Center.
Click “Register” to register for the course.
Click “Complete Registration Now” to add the course to your cart.
The product is now in your cart. If you do not have an e-Learning Center account, click “Create Account.” Otherwise, log in. (This example creates a new account.)
Enter your name, email and postal code. Click “Continue.”
Enter your information, including your credentials. Remember to fill out everything with a red asterisk. When finished, click “Next.”
Next, log in with your information.

You should be redirected to the e-Learning Center after logging in. Confirm you are logged in by locating your name in the right-hand menu. Choose “Cart,” which should have one item inside.
Click “Complete Registration.”
Once the registration is complete, choose “Dashboard” from the menu on the right.
You will now see all the courses you’ve registered for. In this example, there is only one course. Under “Packages,” choose “NP/PA 24-Hour Waiver Training – AANP” by clicking the title.
This brings you to the main package page. Next, click “Content.”

NP/PA 24-Hour Waiver Training - AANP

ASAM, AANP and AAPA have formed a collaborative to provide the 24-hour waiver training for nurse practitioners and physician assistants. Educational content has been identified and/or created to satisfy the 24-hour requirement as described in the Comprehensive Addiction and Recovery Act (CARA).

*The content was originally developed for the 8-hour DATA2000 training for physicians. This content is now offered to NPs/PAs and appropriate provider language will be changed as content continues to evolve.

This training is presented in two parts. Part I is the 8-hour training for physicians, NPs, and PAs. Part II is the additional 16 hours for NPs/PAs required by CARA. In Part II, you will see the topics listed in CARA with specific content under those topics.

Before you begin and to receive AANP CE Credit, you must register through the AANP CE Center. Click here to register. Once registration is complete, you will return to this content.
Begin the training. (IF the caller has already done the 8-hour course, have them begin with Part II.) Click on the title to enter the training.
This example uses the 16-hour course. The 8-hour course is similar in that you press a blue button to begin the content (should say “View On-Demand Web Content” or something similar). To begin the video, click “view video.”
When you successfully complete a module/test, the component will turn green. Once finished with all of the modules, the learner will receive a participation code. Click “Read Terms” to see the code. **NOTE: HAVE THE CALLER WRITE DOWN THIS CODE!!!! THIS WINDOW ONLY APPEARS ONCE**
The code will appear in a new window. Click “I understand and have written this code down” to continue. **DO NOT GIVE OUT THIS CODE UNLESS YOU CAN CONFIRM COMPLETION.**
Once you get the code, click the button “Return to AANP CE Center” to return to the AANP CE Center. This is how the learner will submit the evaluation and claim credit. A new window will appear.
Click the “Already Registered” button to view the product.

Reference Number: 16122474

Overview
This CE activity provides two training sessions that must be completed to fulfill the 24-hour continuing education training requirements outlined in the Comprehensive Addiction and Recovery Act (CARA). Participants must complete both activities to qualify for the waiver application. Those who complete this educational activity must allow a week for their information to be reported and then will be able to apply for the waiver to prescribe buprenorphine for patients with opioid addiction.

ASAM, AANP, and AAPA have formed a collaborative to provide the 24-hour waiver trainings for nurse practitioners and...
Choose the blue “Steps to Receive Credit” button. A new window will appear.
Read and agree to the affidavit by clicking “I Agree.”
